Our Identity, Your Trust

Driven by values, defined by action!

As Acevision celebrates 25 years since its founding in 2000 by visionary publisher Vishal Mehrotra, we proudly recognize our growth into one of India's leading children's book publishers. With over 400 active titles for K-8 learners, our extensive experience has positively impacted thousands of young minds across the country.

In 2017, we launched Edutree Publishers Pvt. Ltd., driven by our mission of "Access to Knowledge." This sister concern leverages Acevision's extensive content resources and a dedicated team to provide customized educational solutions for schools. With headquarters in Lucknow and offices in Ghaziabad and Kolkata, we proudly serve over 12,000 schools across India.

Our mission is simple yet profound – to empower children in India with reading and learning opportunities that expand their intellectual horizons and enrich their lives. Our beloved brands, such as *Busy Bees*, *Riseup Series*, *Bouncy Bears*, *Brain Booster Plus*, and *Inspiring Souls*, are cherished nationwide for their role in fostering a love for literacy and learning in children.

What sets Acevision apart is our strong commitment to children's education. We combine our extensive print expertise with modern technology, providing innovative tools for educators and students. Our aim is to remain a trusted leader in children's publishing while embracing the future of educational advancements.

Let's move forward together on a path of learning and innovation, setting the stage for an exciting and impactful academic year ahead!

Good luck and best wishes!

A Decade of Educational Excellence

The Journey of **Busy Bees** began in 2013 when we first released our series of pre-primary books. This launch was met with an overwhelming response, and we were embraced by educators and children all across the country. As the years passed, we continued to evolve, learning from our experiences and the changing educational landscape.

Now, nearly a decade later, we are thrilled to introduce the next chapter in our journey –

BUSY BEES Juniors. . . Buzzing Beyond! This updated version is carefully tailored for children aged 3-6, in alignment with the Early Childhood Care and Education (ECCE) norms and the principles of the 4C's from the National Education Policy 2020 (NEP).

Train Your Brain (I-VIII)

Train Your Brain is an engaging and comprehensive series designed to spark curiosity and nurture a love for learning in students from grades 1 through 8. The series is developed with a child-centered approach, recognizing that each child learns differently. In today's dynamic world, knowledge is power and the ability to think critically and adapt is more crucial than ever. 'Train Your Brain' is crafted with this foresight in mind, offering a blend of fascinating facts, interactive activities, and mind-digging questions that encourage students to explore, question and absorb the vast ocean of knowledge that surrounds them.

The content is presented in an accessible manner, with each grade level building on the previous one to ensure a progressive learning experience. The K-8 students are the future of the 21st century and they need to be harnessed with futuristic skills like the 21st century learning skills so well defined in the NEP 2020 and thoughtfully incorporated into this series. Throughout the 'Train Your Brain' series, you will come across various learning, life and literacy skills that will prepare our young learners for a brighter and a more enlightened future.

Mapping The World (VI-X)

(A Book of Map Practice)

Mapping The World - A Book of Map Practice is a well-graded series for grades VI to X designed and developed as per the guidelines prescribed by National Curriculum Framework (NCF). It aims to reinforce the geographical and historical concepts of the students.

The book comprises chapters which cover the entire geography and history syllabus in detail. In addition, the book has several maps and exercises to understand the concepts of geography better. This book is essential for all students of Social Science.

It includes new and informative thematic maps of India and the world focussing on climate, agriculture, minerals and industries, demography and human development, environmental concerns and natural hazards.

This collection can help the teachers to teach an assortment of map skills through activities that address the spatial thinking abilities of young children and developmental appropriateness.

ACE School Atlas

The **ACE School Atlas** is a completely new, up-to-date atlas with maps that are accurate and easy-to-read. Satellite images, photographs and artwork are used to enhance the themes chosen in the atlas. The mapping is very clear, the level of detail accessible to all 10+ geographers and the topics specifically chosen to cover the key curriculum requirements.

Besides showing maps of all the continents, individual maps of major countries or other points of interest may also be included in this atlas. Population statistics, the location of natural resources, cultural and religious information and political data are included in this atlas.

Acevision Science Lab Manual (IX-X)

Acevision Science Lab Manual has been developed strictly as per the latest CBSE syllabus of class IX and X. This book will help the students to know about the laboratory equipments and DO'S and DON'TS of the lab. It explains the procedure for the experiments prescribed in the syllabus along with scientific principle involved in simple language. Students will find the required labelled diagrams as well as the proper recording method in an orderly manner. Each experiment is followed by NCERT lab manual questions along with answers.

Additional Viva-Voce questions relevant to the experiment are also included in the book. These questions will definitely help the students to recapitulate and understand the HOW and WHY of each experiment without which the purpose of laboratory work is defeated.

A pack of exclusive Activity Worksheets

Science Scope (Primer, I-VIII)

The vision beyond . . .

Did the universe start with a Big Bang? Is light a wave, a particle – or both? If the Earth is spinning, why can't we feel it? Is a Theory of Everything possible? Science has made it possible to comprehend the world in which we live and the theoretical multiverses beyond, offering technological advances and extending the frontiers of knowledge.

Science Scope is conceptualized to aid this scientific curiosity boosting young mind that is ever hungry for knowledge and looking out for answers to all that pops in the budding minds. Written in a very lucid language, Science Scope is a series of 9 books from K-8, packed with short, pithy explanations, step-by-step diagrams that untangle knotty theories, and profuse illustrations that enhance and play with the understanding of science.

The book is accompanied with **Twisted Wires**, a little booklet of Activity Worksheets. The booklet includes ample worksheets based on the chapters covered in the book itself. An engaging pack of Twisted Wires is perfect for budding minds to explore the world around them, from plants and animals to magnets and mirrors, and much more.

Explore jaw-dropping details of the natural world in this spectacular science compendium. Young readers will be enthralled by extraordinary pictures as they learn about cloudburst, tectonic plates, molecules, magnetism and more.

Little feet... big steps!

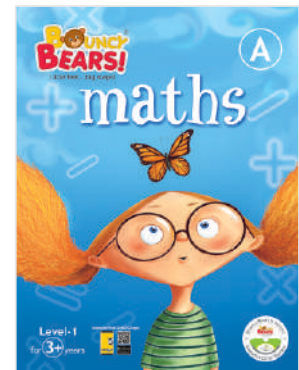

Series Safari

Edutree presents **BOUNCY BEARS!** The Preschool Readiness Pack to tickle the little minds. This pre-pack covers material normally taught during a child's early years at school and will help give the children a great start. Present series of books is underpinned by a solid structural framework, ensuring that young minds develop their learning skills, reading vocabulary and stamina at a steady, manageable pace.

The Bouncy Bears preschool programme has been developed in consultation with leading experts in the teaching of preschool and kindergarten, which helped to draw up the three level frameworks. It is a complete set of thirty one books graded in three levels for guidance and available in the eco-friendly comfy bag, along with a free action packed animated and interactive CD Rom for teachers in helping the kids learn to read.

An incredibly effective, bright and lively introduction to basic letters and sounds helping young minds learn to read and write letters and simple words.

An ideal introduction to numbers. The book will certainly help cultivate good learning habits and develop critical thinking skills as their learning develops from one level to another.

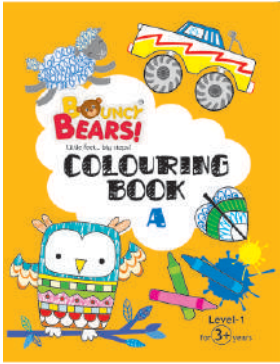

Stunningly illustrated book taps into children's natural curiosity about the world around them. Special efforts have been made to stimulate the thinking process of the child.

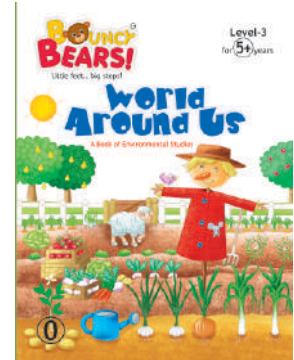

इस पुस्तक शृंखला को तीन खण्डों में विभाजित किया गया है। इसमें क्रम अनुसार अक्षर, शब्द, मात्राएँ और वाक्यों का क्रमशः ज्ञान कराया गया है। इसके अंतर्गत बच्चों को सहज व सरल ढंग से हिंदी भाषा की प्रारम्भिक वर्तनी का ज्ञान कराने का प्रयास किया गया है।

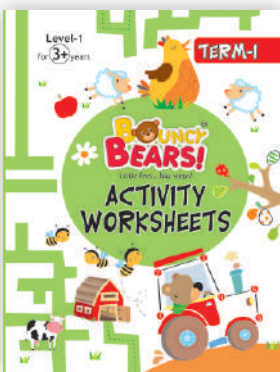

प्रस्तुत बालगीत संग्रह बालमनोभावों पर आधारित गीत रचना की श्रेष्ठ पुस्तक है। इस शृंखला के अंतर्गत तीन स्तरों में पुस्तक का प्रकाशन किया गया है जिसमें आवश्यकतानुसार प्रत्येक बालगीत में शिक्षण संकेत का समावेश भी किया गया है।

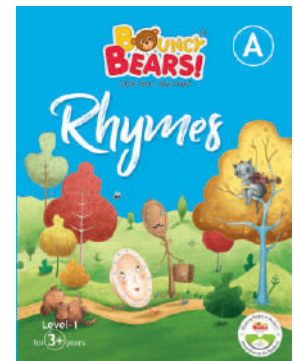

Bumper colouring books with oodles of colouring, drawing, scribbling and doodling activities, sure to keep children entertained for hours.

An integrated approach with different disciplines. This is a fascinating book that will give kids all the information about the world they live in!

Boredom busting tear-off activity worksheets follow the 'introduce-recognise-apply' approach while dealing with concepts.

Delightful collection and a perfect introduction to the world of poetry. Enchantingly illustrated, and packed with fun rhythms and rhymes.

Count Your Blessings (I-VIII)

Count Your Blessings is a comprehensive series of books designed to enable students of classes 1 to 8 to understand and imbibe certain fundamental human, social and national values. The series adheres to the curriculum on Peace Education prescribed in the National Curriculum Framework (NCF). At Acevision, we are passionate about making a positive impact in the life of a child. We believe that during the school years, children must be taught valuable lessons of life, develop self-esteem, enhance social and emotional skills, develop empathy and foster appreciation for their surroundings. We inculcate societal values and an understanding of life, joy, belonging, honesty and justice into every single student and in turn enable them to respond ethically and responsibly to the society.

Green Bugs (0-V)

(A Book of Environmental Studies)

Green Bugs is a unique, innovative learning programme to sensitize toward our Mother Nature. It is a wonderful way to raise awareness about the spectacular creatures we share the Earth with. Children are naturally curious about the environment that they live in! This leads them to explore, questions, predict and document their world. In this way, tender minds build the foundation of more complex learning in all areas of environmental studies.

It attempts to create a pro-environmental attitude and a behavioural pattern in younger minds that is based on creating sustainable lifestyles. The syllabus web moves forward over the five years, it gradually extends the children's understanding of their world, beginning from the immediate SELF to include their family, the neighbourhood, the locality and also the country.

हिंदी मंथन पाठ्य-पुस्तक (I-VIII)

नई शिक्षा नीति बिना बोझ के अधिगम पर बल देती है। इसे ध्यान में रखते हुए नई पीढ़ी के चंचल, जिज्ञासु बच्चों को हिंदी भाषा का ज्ञान कराने के साथ ही उनमें विषय के प्रति रुचि जागृत करने के लिए यह पुस्तकमाला तैयार की गई है। एन.सी.ई.आर.टी. (NCERT) द्वारा बनाए गए और सी.बी.एस.ई. (CBSE) तथा विभिन्न राज्य बोर्डों द्वारा अपनाए गए नवीनतम पाठ्य बिंदुओं का हिंदी मंथन पाठ्य-पुस्तक में समावेश किया गया है।

इस शृंखला में केंद्रीय हिंदी निदेशालय द्वारा निर्धारित मानक वर्तनी का प्रयोग किया गया है। पाठ के साथ दिए गए अभ्यासों में व्याकरण के क्रमिक विकास को प्राथमिकता दी गई है। इस शृंखला में हिंदी साहित्य की अनेक विधाओं - कविता, कहानी, हास्य कथा, लेख, निबंध, जीवनी, संस्मरण, रेखाचित्र, आत्मकथा, डायरी, पत्र, एकांकी आदि को सम्मिलित किया गया है। विदेशी भाषाओं की अनुदित कहानियों को भी पाठ के रूप में लिया गया है।

Grow up with Maths (I-V)

Grow up with Maths is a comprehensive mathematics series that encourages students to put on their thinking caps and indulge in a deep and intricate world of numbers that is both amusing and inspiring, one that prepares them to grow and mature more intellectually as they gradually ascend to face higher studies. The book has been conceived with the sole aim of inspiring children to take up mathematics with self-interest and have fun in dealing with numbers as they gradually pick up the basics of more intricate theories and mathematical ideas. The various chapters in the series are neatly compiled step by step, keeping in mind the natural gradation of understanding higher concepts. Each topic is loaded with everyday examples and some illustrative explanations to acquaint students with the notions of mathematics in a more relatable manner.

Riseup Art and Craft (A,B,C and I to VIII)

Art is an early intervention tool for children with autism. We can no longer afford to ignore the importance of art as a tool for nurturing artistic capabilities and creating cultural awareness amongst the children. The **Riseup Art & Craft** series is a treasure chest of ideas that can make creating art & craft easy. The book inculcates creative kids with an anarchic and therapeutic route to personal and artistic discovery. The series contains 11 books from K-VIII focusing on learning rather than teaching the subject. It is an attempt to initiate the students to the basics of art & craft as per the guidelines laid down by the National Curriculum Framework (NCF). It lays emphasis on making art education both a tool and a subject, to be taught in every school as a compulsory part of the curriculum.

Learning Beyond the Classroom...

Acevision promotes a holistic approach towards education that embraces teaching aids and extra-curricular activities that complement theoretical knowledge. We harmonize our textbooks with the following ancillary teaching tools:

Web Support

Incorporating the advanced approach of integrating textbook education with digital technology, we offer web support for various subjects, wherein students and teachers can access E-Books online and experience the feel of new age education beyond the pages of a book.

Teacher's Training Workshop

Strengthening the teaching abilities of the teaching force by updating them with the latest teaching skills through various workshops organized exclusively for them. Our team of eminent resource persons conduct workshops focused on pre-primary teaching skills, soft skills for teachers, motivational skills, and specific subject based sessions.

Quiz Competitions

To awaken the spirit of curiosity and inculcate the team spirit building skill in students, we organize Inter-house and Inter-school quiz competitions. The quiz programme which are thoroughly designed based on a comprehensive research are conducted by our team throughout the year. All prizes on the show are sponsored by us, thereby encouraging the young learners to participate in such programmes and feed their curious minds with knowledge.

CD ROMs

To magnifying the impact of lessons and educational content, most of our books are accompanied by CDs that are intrinsically designed to entice children into the world of audio-visual education. The CD ROMs come in three variants:

Animated CDs: For Bouncy Bears, Busy Bees Rhymes, Busy Bees Baalgeet, Busy Bees Hindi Paathmala and Hindi Nav Nidhi

Interactive CDs: For Riseup Art and Craft, Riseup GK, Brain Booster Plus and Compu Kid

E-Books: For Simple English Grammar and Composition, Riseup Computers.

Teacher's Workshop on specific subjects

Specific subject based workshops on English, Hindi, Art, Life Skills, etc. are regularly organized for teachers to stimulate their teaching methodologies and introduce them to novel methods of imparting education.

Art Competitions

To promote creative subjects like art and craft, we believe in bringing children close to nature where they can appreciate creativity and draw inspiration from it. Sit and Draw competitions are organized at different schools, encouraging more and more children to participate and hone their creative skills. Outstanding talents are rewarded through attractive prizes sponsored by us.

UNLOCKING BOUNDLESS
